

Medilyte for Tablets

Design and mobility: The Medilyte is designed with a sleek, user-friendly structure, featuring smooth-rolling casters for superior mobility. Its compact dimensions ensure it can navigate through tight corridors and spaces commonly found in healthcare facilities.

Tablet compatibility: The adjustable tablet holder holds tablets up to 13", the elevated holder leaves a clear work surface.

Ergonomic adjustability: With an adjustable-height mechanism, the Medilyte caters to both standing and sitting work positions. This ergonomic consideration is vital for healthcare staff, often working long hours and requiring adaptable workstations.

Easy to clean: The Medilyte was designed with cleanliness in mind, to meet with infectious control stipulations, featuring seamless and non-porous materials that allow for effortless cleaning and sanitisation.

	Code/SKU	Number of devices can hold	Unit Dimensions	Basket	Adaptor Holder
MEDILYTE TABLET	MEDILYTETAB	1	W630 x D380 x H840 / 1215 mm 24.8" x 15" x 33.1 / 47.8"	W155 x D185 x H255 mm 6.1" x 7.3" x 10"	W395 x D75 x H100 mm 15.5" x 3" x 4"
Safety	The Medilyte range has been designed and built with safety as the highest priority.
